

Motorcycle License:

You are required to present your class 6 drivers license at the beginning of each training day. No license = no riding. No exceptions!

Riding gear requirements:

Helmet: Helmets and adequate eye protection must be worn at all times when riding on our courses. Helmets must fit snugly and fasten securely. Helmets must have been certified by a recognized standards organization and must be in acceptable condition to our instructors. Helmets must be: Full-face, modular (flip front) or ¾ style. Half helmets are not allowed. No student will be allowed to ride if an instructor deems his or her helmet to be unsafe. **We have full face HJC helmets to loan out if you need one.**

Jacket: Leather, denim or ballistic nylon jackets are required. Jackets must fasten via buttons or zipper (no snaps).

Pants: Heavy denim, leather or ballistic nylon riding pants that are long enough to cover the top of the riding boots. (Or tuck inside)

Boots: Leather boots that cover the ankle. Motorcycle specific boots that cover the ankle but are not leather will also be acceptable. Tuck in loose laces.

Gloves: Full fingered leather gloves that cover the wrists are required. Gloves designed for motorcycle use (street use) but made of other materials may also be acceptable.

Eye protection: Face shield or goggles are preferred but glasses/sunglasses will be acceptable. Shatterproof lenses are highly recommended.

If you have any question as to whether your riding gear will be suitable for our course please ask your instructor BEFORE your first day of riding. Students will not be allowed to ride in gear deemed unsafe by an instructor.

Courses run rain or shine so bring rain gear if there is any chance of rain. A change of clothes is also suggested if possible.

Arrive On Time:

Classes start on time. Lessons progressively build on previous material so if you arrive late you may be sent home if you have missed too much material. Students are responsible for attending class and arriving on time. No refunds will be issued due to late arrival.

Be Ready To Ride:

Many students find our courses are physically and mentally demanding so arrive well rested and properly fed. Bring energy snacks and water. Do not consume alcohol prior to or during the course. If our instructors feel anyone's safety is at risk due to you being impaired, overtired, hung over or ill you will not be allowed to continue riding.

Training Risks:

Motorcycling is an inherently risky activity. Our courses are carefully structured and supervised in an effort to reduce risk, but this does not eliminate the risks you face. We make every effort to organize and operate courses in the safest manner possible. However, since students are physically controlling the motorcycles, we cannot eliminate risk. Students must accept this risk as a condition of training.
